PRINCIPAL RISKS AND UNCERTAINTIES

The principal risk that the company is exposed to is the occurrence of events that would result in an impairment to the value of its investment in Greensands Senior Finance Limited and the recoverability of its intercompany debt. Ultimately this is reliant on cash funds being available at Southern Water Services Limited to support the group.

The directors are confident that these risks are mitigated by the use of effective risk management policies employed by Southern Water Services Limited. For further details regarding these policies please refer to the strategic report of Southern Water Services Limited.

GOING CONCERN

The directors have received confirmation that its ultimate parent undertaking, Greensands Holdings Limited, intends to support the company for at least one year after these financial statements are signed and accordingly believe that preparing the financial statements on the going concern basis is appropriate.

FUTURE DEVELOPMENTS

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

1 Accounting policies

Basis of preparation

Greensands Junior Finance Limited (the Company) is a private company limited by shares incorporated in the United Kingdom under the Companies Act 2006 and is registered in England and Wales. The address of the Company's registered office is shown on page 1. The nature of the company's operations and its principal activities are set out in the directors' report on page 3.

The company meets the definition of a qualifying entity under Financial Reporting Standard 100 (FRS 100) issued by the Financial Reporting Council (FRC). Accordingly, these financial statements were prepared in accordance with FRS 101 'Reduced Disclosure Framework' incorporating the Amendments to FRS 101 issued by the FRC in July 2015 and the amendments to Company law made by The Companies, Partnerships and Groups (Accounts and Reports) Regulations. The principal accounting policies adopted which have been applied consistently throughout the current and preceding year are set out below.

The financial statements have been prepared on a going concern basis under the historical cost convention and are presented in pounds sterling because that is the currency of the primary economic environment in which the company operates.

Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

The financial statements contain information about Greensands Junior Finance Limited as an individual company and do not contain consolidated financial information as the parent of subsidiary companies. The company is exempt under Section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertaking are included by full consolidation in the consolidated financial statements of the ultimate holding company, Greensands Holdings Limited. The group financial statements of Greensands Holdings Limited are available to the public and can be obtained from the Southern Water website.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a statement of cash flows, financial instruments, standards not yet effective and related party transactions. Where required, equivalent disclosures are given in the group financial statements of Greensands Holdings Limited.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017 (continued)

1 Accounting policies (continued)

Going concern

The directors believe that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of the ultimate parent company Greensands Holdings Limited. The directors have received confirmation that Greensands Holdings Limited intends to support the company for at least one year after these financial statements are signed.

Related party disclosure

The company has taken advantage of the exemption under FRS 101 paragraph 8(j) from the requirements of IAS 24, 'Related party disclosures', on the grounds that it is a wholly owned subsidiary of a group headed by Greensands Holdings Limited, whose financial statements are publicly available from the address in note 13.

Investments

Investments held as non-current assets are stated at cost, less provision, if appropriate, for any impairment in value other than a temporary impairment in value. The carrying values of non-current asset investments are reviewed for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable. Interest income is accrued on a daily basis. Dividends and other investment income is accounted for when it becomes receivable.

Taxation

The taxation charge in the income statement represents the sum of the tax currently payable and deferred tax.

Current taxation is based on the profit for the year as adjusted for disallowable and non-taxable items and items of income or expense which are taxable or deductible in other years. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the statement of financial position date.

Deferred taxation is tax expected to be payable on temporary differences between the treatment of certain items for taxation and accounting purposes. Deferred taxation is provided on all temporary differences that have originated but not reversed by the end of the reporting period. It is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the statement of financial position date.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is regarded as probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

Interest income, interest payable and similar income and charges

Interest income, interest payable and similar income and charges are recognised on an accruals basis.

2 Critical accounting judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, which are described in note 1 above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the company's accounting policies

The following are the critical judgements that the directors have made in the process of applying the company's accounting policies and that have the most significant effect on the amounts recognised in financial statements.

- (i) Impairment
Impairment is recognised in the income statement when there is evidence that the value of an investment is higher than the recoverable amount. Recoverable amount is the lower of, value in use or net realisable value. An impairment review requires management to make subjective judgements regarding the recoverable amount of the investments under review.

Key sources of estimation uncertainty

The directors believe that there are currently no key sources of estimation that the company is required to disclose.

3 Employee information

During the year the company had no employees (2016: None).

The services of the directors are deemed to be wholly attributable to their services to Greensands Holdings Limited, with only one director receiving payment for their services in the year to Greensands Holdings Limited. The total sum has been recorded in the consolidated financial statements of Greensands Holdings Limited, which are available to the public and can be obtained from the Southern Water website. Therefore, the directors received no emoluments during the year or the prior year in respect of their services to the company.

6 Result before taxation

In 2017 and 2016 audit fees of £1,000 were borne by Greensands Holdings Limited and not recharged to the company.

7 Tax on result

Tax losses of £5.6m (2016: £5.6m) carried forward at 31 March 2017, with a potential deferred tax asset of £0.9m (2016: £1.0m), have not been recognised in the financial statements due to the uncertainty of suitable taxable profits in the foreseeable future on which to utilise these losses.

No deferred tax arose during the year to 31 March 2017 (2016: nil).

Factors that may affect future tax charges

Reductions in the main rate of corporation tax to 19% from the 1 April 2017 and to 18% from the 1 April 2020 were enacted in the Finance Bill 2015. It was subsequently announced in the 2016 UK Budget that the corporation tax rate would instead reduce to 17% from 1 April 2020. This has been substantively enacted in Finance Bill 2016 at the Balance sheet date.
