PRINCIPAL RISKS AND UNCERTAINTIES

The principal risk that the company is exposed to is the occurrence of events that would result in an impairment to the value of its investment in Southern Water Capital Limited and the recoverability of its intercompany debt. Ultimately this is reliant on cash funds being available at Southern Water Services Limited to support the group.

The directors are confident that these risks are mitigated by the use of effective risk management policies employed by Southern Water Services Limited. For further details regarding these policies please refer to the strategic report of Southern Water Services Limited.

GOING CONCERN

The directors have received confirmation that its ultimate parent undertaking, Greensands Holdings Limited, intends to support the company for at least one year after these financial statements are signed and accordingly believe that preparing the financial statements on the going concern basis is appropriate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2016

1 Accounting policies

Basis of preparation

The company is incorporated in the United Kingdom under the Companies Act. The address of the registered office is given on page 1. The nature of the company's operations and its principal activities are set out in the directors' report on page 3.

The company meets the definition of a qualifying entity under Financial Reporting Standard 100 (FRS 100) issued by the Financial Reporting Council (FRC). Accordingly, in the year ended 31 March 2016 the company has changed its accounting framework from pre-2015 UK GAAP to FRS 101 'Reduced Disclosure Framework' (FRS 101) as issued by the FRC and has, in doing so, applied the requirements of IFRS 1 'First Time Adoption of International Financial Reporting Standards' paragraphs 6-33 and related appendices. On transition to FRS 101 no differences to previously prepared UKGAAP financial statements, other than terminology and presentation, were identified. For further details see note 15. The principal accounting policies adopted are set out in Note 1.

These financial statements were prepared in accordance with FRS 101 incorporating the Amendments to FRS 101 issued by the FRC in July 2015 and the amendments to Company law made by The Companies, Partnerships and Groups (Accounts and Reports) Regulations 2015 prior to their mandatory effective date of accounting periods beginning on or after 1 January 2016.

The financial statements have been prepared on a going concern basis under the historical cost convention.

Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

The financial statements contain information about Greensands Investments Limited as an individual company and do not contain consolidated financial information as the parent of subsidiary companies. The company is exempt under Section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertaking are included by full consolidation in the consolidated financial statements of the ultimate holding company, Greensands Holdings Limited. The group financial statements of Greensands Holdings Limited are available to the public from the address in note 14

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a statement of cash flows, financial instruments, standards not yet effective and related party transactions. Where required, equivalent disclosures are given in the group financial statements of Greensands Holdings Limited.

GREENSANDS INVESTMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2016 (continued)

1 Accounting policies (continued)

Going concern

The directors believe that preparing the accounts on the going concern basis is appropriate due to the continued financial support of the ultimate parent company Greensands Holdings Limited. The directors have received confirmation that Greensands Holdings Limited intends to support the company for at least one year after these financial statements are signed.

Related party disclosure

The company has taken advantage of the exemption under FRS 101 paragraph 8(j) from the requirements of IAS 24, 'Related Party Disclosures', on the grounds that it is a wholly owned subsidiary of a group headed by Greensands Holdings Limited, whose financial statements are publicly available from the address in note 14.

Investments

Investments held as non-current assets are stated at cost, less provision, if appropriate, for any impairment in value other than a temporary impairment in value. The carrying values of non-current asset investments are reviewed for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable. Interest income is accrued on a daily basis. Dividends and other investment income is accounted for when it becomes receivable.

Taxation

The taxation charge in the income statement represents the sum of the tax currently payable and deferred tax.

Current taxation is based on the profit for the year as adjusted for disallowable and non-taxable items and items of income or expense which are taxable or deductible in other years. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the statement of financial position date.

Deferred taxation is tax expected to be payable on temporary differences between the treatment of certain items for taxation and accounting purposes. Deferred taxation is provided on all temporary differences that have originated but not reversed by the end of the reporting period. It is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the statement of financial position date.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is regarded as probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

Interest income, interest payable and similar income and charges

Interest income, interest payable and similar income and charges are recognised on an accruals basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2016 (continued)

2 Critical accounting judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, which are described in note 1 above, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the company's accounting policies

The following are the critical judgements that the directors have made in the process of applying the company's accounting policies and that have the most significant effect on the amounts recognised in financial statements.

- (i) **Taxation**
The tax charge is based on the results for the year and the tax rates in force at the end of the reporting period. Estimation of the tax charge involves an assessment of the potential tax treatment of certain items, which will only be resolved once finally agreed with the tax authorities.
- (ii) **Impairment**
Impairment is recognised in the income statement when there is evidence that the value of an investment is higher than the recoverable amount. Recoverable amount is the lower of, value in use or net realisable value. An impairment review requires management to make subjective judgements regarding the recoverable amount of the investment under review.

3 Employee information

During the year the company had no employees (2015: None).

The services of the directors are deemed to be wholly attributable to their services to Greensands Holdings Limited, with only one director receiving payment for their services in the year. The total sum has been recorded in the consolidated financial statements of Greensands Holdings Limited, which are available to the public and can be obtained from the address in note 14. Therefore, the directors received no emoluments during the year or the prior year in respect of their services to the company.

Factors that may affect future tax charges

On the 8 July 2015 the UK government announced reductions in the main rate of corporation tax from 20 per cent to 19 per cent from 1 April 2017 and 18 per cent from 1 April 2020. These rate changes were enacted in the Finance Bill 2015 during the year and deferred tax balances would have been calculated using these reduced rates.

On 16 March 2016 the UK government announced a further reduction in the future main rate of corporation tax from the planned 18 per cent, to a rate of 17 per cent, effective from 1 April 2020, although this reduction was not substantively enacted at the statement of financial position date.

No deferred tax arose during the year to 31 March 2016 (2015: nil). The company surrenders group relief at a reduced rate to some of the other group companies.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 "Reduced Disclosure Framework."

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2016 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

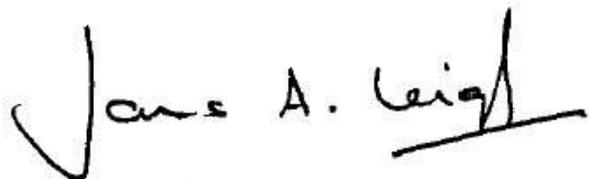

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report and the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
