REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 MARCH 2015

The directors of Greensands Europe Limited (Registered No. 06366236) present their report and the audited accounts for the year ended 31 March 2015.

PRINCIPAL ACTIVITIES

The principal activity of the company continued to be that of an intermediate holding company for the subsidiary undertaking disclosed in note 7 to the accounts.

The directors have not declared a final dividend for the year ended 31 March 2015 (2014: £nil per share).

The company has net liabilities of £135.5m (2014: £117.6m) comprising largely of amounts owed by group undertakings of £1,680.4m (2014: £1,595.1m), £1,021.7m (2014: £1,003.7m) owed to other group companies and £795.2m (2014: £710.0m) owed under 12% Eurobonds maturing in 2021.

The directors are responsible for preparing the strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

We confirm that to the best of our knowledge:

- the financial statements, prepared in accordance with the relevant financial reporting framework, give a true and fair view of the assets, liabilities, financial position and profit or loss of the company; and
- the management report, which is incorporated into the strategic report and the directors' report, includes a fair review of the development and performance of the business and the position of the company, together with a description of the principal risks and uncertainties that they face.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2015

1 Accounting policies

Basis of accounting

These financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year and preceding year, are set out below.

Going Concern

The directors believe that preparing the accounts on the going concern basis is appropriate due to the continued financial support of the ultimate parent company Greensands Holdings Limited. The directors have received confirmation that Greensands Holdings Limited intends to support the company for at least one year after these financial statements are signed.

Basis of preparation

The accounts contain information about Greensands Europe Limited as an individual company. The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated accounts as it and its subsidiary undertakings are included by full consolidation in the publicly available consolidated accounts of the holding company, Greensands Holdings Limited, from the address given in note 14.

Cash flow statement

The company is a wholly owned subsidiary company of a group headed by Greensands Holdings Limited, and its cash flows are included in the consolidated accounts of that company, which are publicly available from the address given in note 14. Consequently, the company has taken advantage of the exemption within FRS 1 'Cash flow statements (revised 1996)' from preparing a cash flow statement.

Related party disclosure

The company has taken advantage of the exemption under paragraph 3(c) from the provisions of FRS 8, 'Related party disclosures', on the grounds that it is a wholly owned subsidiary of a group headed by Greensands Holdings Limited, whose accounts are publicly available from the address given in note 14.

Investments

Investments are carried at cost less provision for any impairment in value. The carrying values of fixed asset investments are reviewed by the directors for impairment in periods if events or changes in circumstances indicate the carrying value may not be recoverable.

Interest income is accrued on a daily basis. Dividends and other investment income is accounted for when it becomes receivable.

Taxation

The taxation charge in the profit and loss account is based on the profit or loss for the period as adjusted for disallowable and non-taxable items using current rates and takes into account tax deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. Deferred taxation is provided on all timing differences that have originated but not reversed by the balance sheet date, calculated at the rate at which it is expected the tax will arise in accordance with Financial Reporting Standard 19 'Deferred Tax' ('FRS 19'). Deferred taxation balances are not discounted. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered.

Borrowings

Interest-bearing borrowings are recorded at the proceeds received, net of direct issue costs. Finance charges are accounted for on an accruals basis in the profit and loss account and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.
