

Commercial

Please complete the commercial template below. If details aren't known only complete the totals column, as this is required. If you don't complete the totals column **your application will be refused.**

Period (year) when each unit is occupied

Type	Units per	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12	Total*	Maximum
School	pupil														
Cinema	seat														
Sports hall	person														
Community centre	100m ²														
Hotel	room														
Nursing home	resident														
Leisure park	person														
Public house	seat														
Restaurant	seat														
24-hour restaurant	seat														
Hospital	bed														
Offices	100m ²														
Shopping centre	100m ²														
Warehouse	100m ²														
Commercial premises	100m ²														
Manufacturing unit	100m ²														
	Total														

What criterion are you applying for the NAV?*

Unserviced: Consent: Large user:

Start date on site: Date of first occupancy:

Planned date for the bulk connection to be installed:

Site phasing:

Will the site be phased? Yes No

If 'yes' please provide details in the table below:

Phase	Start date	Number of units in phase	End date
1			
2			
3			
4			
5			
6			

Section D: Bulk supply requirements

Do you require a bulk supply from Southern Water (if 'no', go to **Section E**): Yes No

Bulk supply connections:

Contamination

Has the site previously been used for any of the activities listed in the guidance notes? Yes No

If 'yes' have you commissioned a soil analysis report? Yes No

If you've indicated that the site was used for one of the contaminating activities listed in the guidance notes, and you **haven't** commissioned a soil analysis report, we'll charge you for a barrier pipe, and your supply assets will also need to be a barrier pipe.

Please provide a point of connection with information about the connection point. Please complete the table below to confirm the number of connections you require. If you don't complete this section, your application could be refused.

Number of connection points required	Size of your connecting pipe	Grid reference of connection (x,y)	Number of residential units	Number of commercial units	Type of commercial unit (eg school, warehouse) at this connection point	Any known flow requirements on commercial units (eg high users)
1						
2						
3						
4						
5						
Total:						

Does the site have any existing water supplies that have been in regular use during the last five years? Yes No

If **yes**, how many connected properties were there? properties Or tick if you don't know:

Temporary Building Supplies: If your developer requires a temporary building supply please advise them to contact us directly to request this.

Section E: Bulk discharge requirements

Bulk discharge connections:

Do you require bulk discharge from Southern Water?

Yes

No (if no, move onto Section F)

Foul:

Surface water:

Please complete the table below to confirm the number of discharge points you require.

Please note: If the flow is pumped to a point within the development, and from there it gravitates to the connection point, the connection is deemed as 'gravity' and not 'pumped'.

Number of discharge points required	Foul water connection, surface water connection*	Type of connection (eg existing or new manhole). For further options, see guidance notes.	Size of your discharge pipe*	Size of our connecting pipe?*	Material of the connecting pipe?*	Grid reference of discharge point (x,y)	Manhole reference*	Pumped or gravity?*	If pumped, pumped discharge rate*

2									
3									
4									
5									

Surface water drainage:

Please note: this section is only required if you ticked 'Surface Water' as your bulk discharge connection. If you do not have all of the information below, please send it to us when it is available.

What is the impermeable area in square metres?

State the existing and proposed impermeable area in square metres:

Existing:

Proposed:

Are there SUDs?

Yes:

No:

Section F: Application checklist

Tick to confirm you've included site plans that clearly show:

1. NAV site boundary plan (with boundary drawn)*
2. Development Site plan at 1:1250 (or larger) and if known the preferred point of water and/or waste connection marked on plans. If the scheme is part of a wider development, please included the scheme boundaries on the plan:*
3. Drainage plans with levels:
4. Route of rising main, if there is an onsite waste pumping station:
5. An intrusive soil analysis report (if commissioned):

Are you applying for reduced water infrastructure charges though our Target 100 scheme?
If yes, please include Building Regulations documentation to confirm your internal fittings comply.*

Yes No

Additional notes: If there is any additional information you would like to include, or if you require something that is not listed in the application form above, please explain further below:

Section G: Declaration

Failure to complete this application in full and provide relevant information may result in the application being returned and/or refused.
The information provided above is accurate and I will notify Southern Water upon becoming aware of any changes.

Print name:

Date:

Company position/job title:

Please email the completed form to: newappointments@southernwater.co.uk
