

Application for on-site self-lay water connections

Individual service pipes must not be connected until the new main has been completed, satisfactorily tested and sampled, and a Vesting Certificate has been issued. Our offer only remains valid for the financial year it was made, and providing we receive payment. Any offer that requires a re-estimate will incur an additional charge.

Section A: Applicant reference number

Section B: New connection requirements

Individual properties (tick the type that applies):

Houses (incl. semi-detached and terraced):	<input type="checkbox"/>
Commercial/industrial units:	<input type="checkbox"/>
Community buildings:	<input type="checkbox"/>

Supplies not exceeding 32mm outside diameter (OD):

Plot numbers (25mm):	<input type="text"/>
Plot numbers (32mm):	<input type="text"/>

Will internal meters be installed? Y N

If 'yes', please provide the plot numbers for flats and any landlord supplies that these meters will relate to (or provide a separate list):

If more than one bulk supply/supply larger than 32mm (OD) with internal meters is required, provide a separate list.

Section C: Fire supplies

If you require a fire supply, please provide details:

Hydrant:	<input type="checkbox"/>	Sprinkler:	<input type="checkbox"/>	Hose reel:	<input type="checkbox"/>
Proposed connection size:	<input type="text"/>				
Required flow rate:	<input type="text"/>				

Section D: Water for building purposes

If this section does not apply to your site, please leave it blank.

Will you be using water for building purposes?

Y		N	
---	--	---	--

Are you installing a connection detailed elsewhere on this application form that you wish to utilise for building water purposes?

Y		N	
---	--	---	--

Is there an existing water supply to the site that can be utilised for building water purposes?

Y		N	
---	--	---	--

Will you want to keep the supply as a permanent connection after you finish the work on the site?

If 'Yes' please state which plot it will serve:

Y		N	

If you will be installing a building water supply greater than 25mmOD, please complete the following:

Proposed connection size:

	mm (OD)
--	---------

Anticipated peak flow rate:

	(l/s)
--	-------

Anticipated continuous flow rate:

	(l/s)
--	-------

How many weeks, months or years will you require the building water supply?

--

Section E: Sewerage

Will the property/properties/site be connected (directly or indirectly) to the public sewerage system?

Y		N	
---	--	---	--

If 'yes', and you're making a new communication to the sewer, please submit a S106 application online at developerservices.southernwater.co.uk.

Summary:

To avoid delays and ensure the information in the previous sections is correct, please confirm the total number of connections:

Existing New Total

Section H: Checklist and declaration

I/we apply for an offer identifying Southern Water Services' costs (infrastructure and administration) to facilitate the self-laying of water service pipes to serve the premises/site scheduled.

I/we understand that:

- a. payment of infrastructure charges and Southern Water Services' administration charges is at the applicant's cost
- b. all service pipe (communication pipe and supply pipe) has been installed in accordance to Southern Water's Self-Lay Policy document 2018
- c. all new supplies will be installed with a meter, which will be used for billing purposes. In the case of individual self-contained dwellings, each one will have a separate metered supply; the only exception to this rule will be where Southern Water acknowledges that there are engineering or administrative difficulties
- d. all plumbing work and installations comply with the Water Supply (Water Fittings) Regulations 1999. We understand and acknowledge that no service connections shall be undertaken without Water Regulations passing the installation as compliant
- e. payment of the relevant charges will be required in advance
- f. I/we undertake to notify Southern Water as soon as possible of the occupant, date of occupation and postal address of each property concerned and understand that I/we will be responsible for any water charges until this information is provided.

Additional comments:

In order to complete your estimate we also need the following:

- Payment. In line with Ofwat guidance our application fees is variable. Please refer to the 'Water connection services – guide to our charges' section of Our Charging Arrangements document found at the following link: southernwater.co.uk/developing-building/connection-charging-arrangements

Please calculate the amount relevant to your application and include here:

Paying by BACS Cheque enclosed

Please call me on so I can pay by credit/debit card.

PAYMENT MUST BE RECEIVED WITHIN 28 DAYS OF THE APPLICATION BEING SUBMITTED, OR YOUR APPLICATION WILL BE RETURNED.

Do you require a VAT receipt? Yes No

I have completed the relevant sections of this form and the fittings table(s) (where appropriate).

I confirm that, to the best of my knowledge, the information I have supplied is complete and correct.

Full Name: Position: Date:

Please email your completed form to selflay@southernwater.co.uk or post to:
Developer Services, Southern Water, PO Box 4056, Worthing, West Sussex, BN13 3XX

We may need to share the information you provide to us with our business partners.
