

How much water?

1. Which activities shown on the cards has your group done this week?
2. Cut out the cards and put them in order – from the activity you think uses most water to the activity you think uses least water.
3. How can a family use less water?

<p>How much water?</p> <p>BE A WATER HERO</p>	<p>Bath</p>	<p>A four-minute shower</p>
<p>A four-minute power shower</p>	<p>Small flush on toilet</p>	<p>Big flush on toilet</p>
<p>A drink</p>	<p>Brushing teeth with tap running</p>	<p>Brushing teeth with tap off</p>
<p>A full dishwasher</p>	<p>A full washing machine</p>	<p>Washing up in plugged sink</p>
<p>Using a watering can in the garden</p>	<p>Using a hose to water the garden or wash a car</p>	<p>Washing a car with a bucket of water and sponge</p>
