

<p>3. Project Communications</p> <p>SW Call Centre received three calls in March, one anonymous, one were there was no reply on three attempts to contact and one regarding access to the pavement for a disabled scooter. This access issue was satisfactorily addressed with a gap being left in the Swift Road closure barrier and a ramp onto the footpath at the junction with Victoria Road.</p> <p>Mike Homer has had proactive discussions with residents regarding the vibration piling near to site offices. They understood the situation and were pleased to be kept informed.</p> <p>Information boards are to be displayed on the site hoarding.</p> <p>It was suggested that old photographs of the area could be reproduced and displayed. Also pictures or drawings on the theme” Dangers of a Construction Site” by local school children. Opportunity to investigate this could be linked to Drips Theatre Group which is to make a school visit on 8th July.</p>	<p>Info</p> <p>Info</p> <p>MH</p> <p>MS</p>
<p>4. Resident Feedback</p> <p>Katie Atkins reported no resident’s feedback via the Woolston Community Association.</p> <p>Peter Wainright visited site before Easter to view and discuss our dust control measures which he has relayed to some of the local residents.</p> <p>Mrs Perry to be given Cllr Payne’s contact details in relation to a permanent solution for dropped kerbs at the Swift Road/Victoria Road junction.</p> <p>Broken Glass in public car park to be cleared.</p>	<p>Info</p> <p>Info</p> <p>APB</p> <p>MH</p>
<p>6. AOB</p>	
<p>Cllr Payne mentioned 5aside Football area to made permanent so there could be more activity around the car parking areas.</p> <p>As we are into the warmer time of the year the issue of Odour complaints is likely to arise. All complaints should be directed to SW, either JAS or Customer Call Centre who will pass on to SW Operations.</p>	<p>Info</p> <p>Info</p>
<p>Date of next meeting: 18:30 July 15th At the Project Office Woolston Wastewater Treatment Works Site Entrance</p>
